That's it. I thought that was her name but couldn't spell either her first or last name right to search my email or your directory. Thanks! I don't think they are any other big ones in OR (at least bullseye doesn't believe they have any other direct competitors) but hopefully we can find some of the little ones.

Yes, I'm working on and off this weekend and would love an update tomorrow. Between 1:10 and 3 is the best for me (Ex. 6 - Personal Privacy), but I can probably step away most times for a few minutes. My personal cell is Ex. 6 - Personal Privacy and I will have it on me at all times. I'll try to give you a call when Ex. 6 - Personal Privacy if I don't hear from you before then.

Thanks,

Katie

Hey Katie,
It was probably Jaclyn Palermo, or somebody in her section. She is cc'd.

I don't know if you work weekends but if you do, let's talk tomorrow (and if you don't, then let's talk Tuesday).

My work cell is 503 793 9635

Please excuse any brevity, grammar or spelling as this was sent with a mobile.

Hi Dave –

Hope your meeting with Bullseye went well. It will be interesting to hear the outcome when you have time.

Also a member of your staff is looking into the other plants and I forgot her name and had one more thought for her. Can you remind me of her name or have her call me? Either way!

Hope you get a little rest this weekend.
